

2ND ANNUAL IZVG ZOO & EXOTIC PATHOLOGY WORKSHOP

DATE: 10-11TH SEPTEMBER 2020

**LOCATION: INTERNATIONAL ZOO VETERINARY GROUP
KEIGHLEY**

Competence in post mortem examinations of non domestic species is an essential skill for zoo and exotic vets, and good pathology underpins disease surveillance. This workshop is an excellent opportunity for ECZM residents and veterinarians in zoos and exotic referral practice to enhance post mortem techniques and gain experience in lesion identification, tissue sampling and further testing in captive wildlife species from experts in the field.

THE WORKSHOP PROVIDES QUALITY SMALL GROUP LECTURES AND PRACTICAL SESSIONS (8 HRS CPD CREDITS, 1.5 DAYS TOWARDS ECZM RESIDENCY PATHOLOGY TRAINING).

The course will be delivered by our two RCVS Recognised Specialists in Zoo and Wildlife Pathology

**Dr Daniela Denk, DipIECVP Dr Med Vet MRCVS
Dr Mark Stidworthy, MA VetMB PhD FRCPath MRCVS**

Early bird registration: £445.00 (until 10/06/2020)
