

Vet Meet is happy to announce our next Summer Camp - a high-level conference featuring 5 days of keynote lectures.

The conference will take place from the 20-24th of April 2020 in New Orleans, LA, USA in a modern boutique 4* Hotel „Le Meridien“ close to the French Quarter and the River Front.

This year our main topics are oncology and exotics medicine & imaging. A multidisciplinary point of view will expand our views and bring us to the next level with an integrated diagnostic approach. Lectures are divided into four sections: Neurology, MRI/CT, CT/US and Exotics. Specific passes and fees for the single sections are there and discounted fees for Residents, Interns and Students are available. The program has been approved by the AAVSB with RACE Certification (max hours available for one vet: 24).

Registrations are open until April 15th, 2020. For more information visit our website:

Besides the scientific program, Vet Meet will take you on a journey through the vibrant city of New Orleans. Our social program includes a ghost tour, the Gala Dinner on a Riverboat cruise and a visit to either a Plantation or the Mardi Gras World. Wonder how much fun this meeting is? Have a look at the video and photo gallery of our last Summer Camps, they were a blast!
